re imagining the governance
of globalization oxford

May 18th, 2020 - part three of
the book turns to the
question of international
society and international
relations after september 11
starting with a chapter by
richard falk who argues that
international society remains
a useful starting point for
studying today s globalized
world because it is
predicated on the dual
assertions of international
anarchy and a potentially
global normative order a
duality'
