DB2 Basics Stored Procedures

Functions Modules Oh My
December 28th, 2019 - DB2 has a
number of objects where that use
procedural SQL IBM calls this SQL
PL not to be confused with PL SQL
or TSQL both similar concepts
Much PL SQL also works in DB2 if
you have the Oracle compatibility
vector enabled The various types of
objects have different places and
purposes and it can be useful to
understand the use of each"About
