**July 6th, 2018 - Full Description This recommended practice addresses the permanent marking of liquid petroleum pipeline transportation facilities It covers the design message installation placement inspection and maintenance of markers and signs on pipeline facilities located onshore and at inland waterway crossings"API RP 1109 Line Markers and Signage**

---

---

## **for Hazardous**

June 7th, 2018 - This RP addresses the permanent marking of hazardous liquid pipeline transportation facilities. It covers the design, message, installation, placement, inspection, and maintenance of markers and signs on pipeline facilities located onshore and at inland waterway crossings. Markers and signs indicate the presence of a pipeline facility and warn.
